Dear Mr. Spencer:

The U.S. Environmental Protection Agency (EPA) announced the proposal of five new sites to the Superfund National Priorities List (NPL) under Proposed Rule #60. One of these sites, Delta Shipyard, Houma Louisiana is located in Region 6.

The EPA also announced the addition of seven new sites to the Superfund National Priorities List (NPL) under Final Rule #58. One of these sites, MacMillan Ring-Free Oil, Norphlet, Arkansas is located in Region 6.

I have attached copies of public information and reference materials related to these Rules. The Rules will be printed in the Federal Register (FR) on or about May 12, 2014. The NPL list will be available on the EPA's Superfund web site at (<http://www.epa.gov/superfund/sites/npl/>). The Superfund web site will be updated no sooner than May 08, 2014, with all of the supporting documentation for this rule. The FR notice can be found on the Government Printing Office web site ([www.access.gpo.gov](http://www.access.gpo.gov)).

If you have any questions regarding this matter please contact me at (214) 665-6701, or have your staff, call Brenda Nixon Cook, Region 6 NPL Coordinator, at (214) 665-7436.

Sincerely yours,

Carl Edlund  
Director  
Superfund Division
